SUBJECT: REVISIONS TO WTW DATA FILE LAYOUTS

The purpose of this information bulletin is to release a revised version of the Welfare-to-Work (WtW) file layouts. Please discontinue using the old version of the file layouts upon receipt of this information bulletin. Those subgrantees using the Job Training Automation (JTA) system and wanting to transfer data electronically from local tracking systems will need to modify the local files according to the attached revised file layouts.

The JTA system has been revised to reflect recent amendments to the WtW regulations. These changes reflect new participant information being collected under the 1999 amendments.

Should you have any questions regarding this information bulletin, please call the JTA Help Desk, at (916) 653-0202.
